

INTRODUCTION

Geita Rural Children Organization (GRUCSO) is a registered charity organization that supports the education of Disadvantaged Children in the rural Geita Region. The charity aims to raise awareness among the local community and students about children's rights, domestic violence, responsible parenting, and care. It is also advocating for eradicating the increase of street children and providing guidance and counselling to students on career choices and resilience to life challenges.

The organization (Reg. No 22NGO/R/3661). The organization has supported over 50 children across three districts of Geita Region, including Geita Town Council, Nyang'wale District Council, and Geita District Council. The children have received support with school uniforms, food at school, shoes, home clothes, stationery, books, exercise books, tuition fees, accommodation at school, and school bags.

Additionally, the charity has been donating trees and offering counseling and guidance on career choices and resilience to life challenges to young adolescents and youth. GRUCSO has been raising awareness through seminars and meetings with parents, guardians, and students on responsible parenting, children's rights, domestic violence, time management, and care.

With available funds and resources, GRUCSO decided to register 20 children and students from both primary and secondary schools to ensure sustainability. However, we aim to support and register as many children as possible when more funds and resources become available.

The Organization's Mission

To bring about sustainable changes (educational) in the lives of vulnerable children and youths in Geita

The organization Vision

Enriching the future of every child in Tanzania by providing them with access to education.
